## 1 SMILES TURN BACK THE CLOCK

Denise Richards' playful grin was irresistible on May 10. Tip: Snacking on strawberries, which contain a natural tooth bleacher, is an easy way to keep a smile bright.

## 2 RED LIPS BRIGHTEN FACES

A timeless look! On May 11, Emmy Rossum played up her fair skin with a soft-red lipstick. A sheer formula that's two shades darker than normal looks the most natural.

## 5 LINER CREATES SMOKY EYES

Black pencil smudged at the outer corners gave sultry *Heroes* star Hayden Panettiere a dramatic look on May 14. A nude lipstick enhanced the effect even more.

## 6 TINTED SPF KEEPS SKIN RADIANT

Diane Kruger was a fresh-faced beauty in Cannes, France, on May 15. A tinted moisturizer with SPF protects skin and gives it a hint of healthy color.
